Mining Business Forum:

SDG Booster hosted by Finnpartnership

****Note that this session will take place in a separate Zoom event. Participants have received the link via email.***

SDG booster workshop focuses on sustainable mining cooperation between Finland and Zambia.

The SDG Booster brings together Zambian and Finnish companies, civil society actors, educational institutions, decision makers, financiers. The aim of the event is to produce joint projects between Zambian and Finnish participants and discussions between new potential partners following the event.

The SDG Booster starts with a joint digital meeting on April 27th, followed by two further meetings on May 12th and June 2nd. The organizers are actively involved to offer their funding and other services to the new project ideas created at the workshops. Read more here: <https://tinyurl.com/vyx8b2e8>.
